Notes About the Cat Numbers

January was a challenging month for stray cats. Six cats we took in were severely injured after being hit by a car, and three more suspected feral cats came in with comparable injuries. Our veterinary services staff, after having made a full evaluation of the extent of the cats' injuries, humanely euthanized these cats to prevent unnecessary suffering. Overall, **28** cats were euthanized due to immediate medical concerns upon intake, and one cat was euthanized due to aggressive behavior.
